# MORE ABOUT DERIVATIVES PRODUCTS

## 01 FUTURES

Futures are agreements between two parties to trade (buy or sell) a certain asset at a defined price and at a predetermined future date.

## 02 OPTIONS

On the other hand, Options are contracts that grant the buyer a right rather than an obligation to carry out their end of the bargain.

# CREATING PROUD INVESTORS

The Traders Cafe Markets app is very simple to use especially for a new investor like me. Features like Superstar's Portfolio & Screeners help me to identify the right set of stocks. Highly recommend!

**YADUVIR SINGH**  
SALES EXECUTIVE, PUNE

Gemrush has become my go-to place for all research recommendations. I have started to earn great profits with their stock picks basis my risk profile. Must try!

**PRAVEEN KUMAR**  
BUSINESS MAN, MUMBAI

Best app to trade in Futures & Options! Placing orders on the App is super quick. Also, the option strategy builder tool is very helpful to analyze stocks.
